

Dear Boom Family,

This fall we are introducing all new membership plans. The new plans separate features from seats to better meet your needs.

You shared your feedback about starting student seat values after our first announcement of the new plans. We have taken your feedback to heart. **All new plans will begin with 150 student seats.** Buy the features you need without worrying about seats.

Need more seats? We've cut the price of additional seats in half. You can now buy additional seats directly (no more contacting the Help Desk).

ALL NEW WITH THIS ANNOUNCEMENT— All plans will include 17 flexible groupings!!

Flexible groupings support:

- Plenty of classrooms for middle and high school teachers
- Distinct classrooms for each student for HIPAA compliance
- More ability to differentiate for learning recovery, special needs, and acceleration

The new plans will take effect on October 1, 2021. Until then you can renew or upgrade your current plan at the current price for up to three years. For instructions on how to do this, click [here](#). If you renewed an old plan but want to change to a new plan, please wait until October 1 to reach out to the Help Desk to change plans.

Thank you for Booming with us!
